

# ABITA SPRINGS RV RESORT - OCEAN CANYON PROPERTIES

## Close to New Orleans but with a small-town feel

If you like the idea of being close enough to enjoy the Mardi Gras spirit of New Orleans but go “home” to a tranquil, wooded RV site, then Abita Springs RV Resort in Abita Springs, New Orleans, is the place for you.

“To me the attraction of Abita Springs is many fold,” says Ben Carr, Vice President of Operations for Ocean Canyon Properties. “Starting from the town of Abita Springs with all of the history and Southern comfort culture that’s in the area, to how close it is to New Orleans. You’re in a small town with a big town right outside the gates.”

Once inside the resort, relax amid the pine forest, the pure air, and the mineral waters at Abita Springs. The resort is located in St. Tammany Parish, where the hubbub of interstate highways and city life has been transformed into scenic country roads and a relaxed atmosphere.

Resort amenities include a friendly staff, fishing, wireless Internet, walking path, planned activities, artesian springs, a large clubhouse, pool, and a children’s pool. Explore the lake

that is home to ducks, herons, egrets, turtles, and fish.

In the charming town of Abita Springs make time to visit the Art and Farmers Market where you’ll find fresh locally grown produce, wild caught seafood, and local honeys, jellies, and baked goods.

Tammany Trace is a 31-mile bike path that stretches from Covington to Slidell. The trailhead sits right on the trace and is the perfect spot to take a break from biking, running, roller blading, or just a leisurely walk.

Exceptional Cajun and other cuisine provide Southern hospitality, and nearby are world-class fishing and boating. Take in the history and grace of area plantations, have fun participating in water sports and heel-kicking Cajun dancing.

And don’t forget—right across Lake Ponchartrain is the exciting city of New Orleans.
