

# CHERRY VALLEY LAKES RESORT

## Cherry Valley Lakes Resort is the gateway to Palm Springs

Make Cherry Valley Lakes Resort your base for day trips to Los Angeles, Cabazon’s Morongo Casino, Palm Springs, and some of the region’s best shopping. Or the up-scale resort can be your destination with all the creature comforts to keep you entertained without ever leaving the front gate.

Amenities abound at the resort, part of the Colorado River Adventures (CRA) resort group. Relax at the spacious clubhouse or meet new friends and old ones at the many hosted activities: movies, pancake breakfasts, steak dinners, and scheduled games. Don’t forget to pack your swimsuit and pool toys to splash and play in the heated swimming pool or soak in the oversized, covered Jacuzzi. Bring your fishing gear to land the big one in the stocked fishing lakes. Even the little ones can catch and release one of the many little swimmers in the two fully stocked catch-and-release ponds. Get some exercise at the horseshoe pits, volleyball, tennis, and basketball courts.

“Our biggest draw is our location,” says Randy Wright, director of research and development for CRA. “It’s near the Palm Springs area, Cabazon, and the casino for folks who are looking for that. It’s also near many world-class golf resorts.”

If you like clean, spacious bathrooms and laundry facilities, you’ve come to the right place. If you just have to leave, take advantage of year-round RV and trailer storage. Maybe you aren’t traveling with your rig, if so Cherry Valley Lakes Resort has spacious loft cabins that sleep four to eight and are fully equipped with bathrooms and kitchenettes.

If you’re traveling with children or grandchildren, you’ll love the resort’s fully staffed Kids Club. Parents have an opportunity to relax on their own and be guaranteed their kids are safe and having the time of their life.
