

## LAKEWOOD VILLAGE RESORT

## Midwestern fun for the whole family in central Ohio

Take a rustic natural setting with 9 acres of fishing ponds, add a slate of family-friendly activities and all the modern amenities, and you have west-central Ohio's Lakewood Village Resort. Conveniently situated between two large bodies of water—Indian Lake and Grand Lake St. Marys—this popular Midwestern destination welcomes Coast to Coast members year-round.

No license is required to fish in the resort's three natural ponds, so be sure to bring your fishing gear. In the warmer months, you and your family can relax on the beach and put the rowboats and pedal boats to good use. Whatever the season, feel free to unwind in the indoor pool and two hot tubs and toast your cares away in the sauna.

Outdoors, you can make memories with your family playing miniature golf, horseshoes, sand volleyball, shuffleboard and basketball. There's a playground for the kids and several large shelters for group gatherings. Head inside to take advantage of the clubhouse, game room, convenience store and laundry room. The Sunday morning continental breakfast, served from May through October, is a great place to make friends.

From crafts and bingo to potlucks and holiday events, there's plenty to do at Lakewood Village. Planned activities take place every weekend during peak season and monthly during the rest of the year and run the gamut from a carnival and luau to pedal boat races and horseback riding.

Pull-through campsites with paved pads accommodate a wide range of RVs with water, sewer and 30- or 50-amp hookups. The well-appointed vacation cabins come with fully equipped kitchens, heat and air conditioning, shaded porches and beautiful views of the lake. Wherever you roost, you can access free Wi-Fi throughout the park.

Located north of Dayton, the Coast Deluxe Resort is close to Ohio Caverns, a must-see tourist attraction filled with colorful stalactite and stalagmite formations. German immigrants helped grow the neighboring hamlet of Wapakoneta to a thriving city now brimming with antiques shops, specialty stores and an eclectic mix of restaurants. Wapakoneta is also home to the Neil Armstrong Air and Space Museum, named for the town's native son, the first man to walk on the Moon.
