

Grand Haven Resort

Discover a campers' paradise near the shores of Lake Michigan

RESORT TYPE: Coast Deluxe

LOCATION: Grand Haven, Michigan

SEASON: Year-round beginning May 1, 2015

WEBSITE: outdooradventuresinc.com

Grand Haven Resort is filled with beautiful scenery—from the expanse of pine and maple trees that line the campsites, to the breathtaking color change that happens every fall. It's one of the newest resorts in the Outdoor Adventures Inc. stable of great resorts and this one has one of the best locations—near the shores of Lake Michigan.

Once onsite, visitors will notice

the beautifully wooded surroundings. “There’s lots of character and history to the park,” says Dee Dee Bernhardt of member services. “There’s an amazing miniature golf course and go carts. There are 16 rental accommodations, plus two very large pools and playgrounds. The resort is definitely family oriented. Tap into your inner race car driver with the go-cart track. For those who just want to relax, they are more than welcome to come sunbathe alongside our pool.”

And its location is certainly a plus. On the beaches of Lake Michigan, along the shores of Spring Lake, and onto the adventures found in the bayous and coves of the Grand River, you’ll find picturesque settings for swimming, sunbathing, sunset strolls, or a leisurely picnic. Poet Carl Sandburg called this breathtaking coastal system a “signature of time,” ranking it among the greatest natural wonders in the United

States. In August 2013, CNN Travel named Grand Haven as its No. 14 “Must See U.S. Beach” alongside Siesta Key in Florida, South Padre Island in Texas, and Papakolea Beach in Hawaii.

In addition to great shopping and delightful dining, the city of Grand Haven is also home to the world’s largest musical fountain of its kind. Visit the fountain and stay for the synchronized water and light show accompanied with music of all varieties, which plays daily at sunset from Memorial Day through Labor Day; Fridays and Saturdays only in May and September.

While comfortably parked at Grand Haven Resort, begin mapping out an excursion to many of the nearby lighthouses. Check out www.lighthousefriends.com/lake_mi.html for a map that indicates where each of the dozens of lighthouses are located around the picturesque body of water.
