The purpose of Good Sam Platinum+ Roadside Assistance is to provide roadside assistance, in the event of a disablement of any eligible vehicle in the possession of either you or any allowable family member under this program, which is necessary to enable that vehicle to either proceed safely under its own power, or to tow that vehicle to the nearest independent professional service center for repair. This benefit is not intended to be used in lieu of routine maintenance or repairs to the Member's vehicle. This Membership does not provide for routine transportation,

towing, or relocating of vehicles, unless directly related to qualifying roadside assistance service for a disabled vehicle.

MEMBERSHIP CARD

Your Membership card may be in electronic format or you may print a copy. Please keep your Membership card on hand at all times. The card bears the TOLL-FREE numbers to call when you need roadside assistance. The Membership and Membership card are issued in the name of the Member. A new card is issued with each renewal notice of the Membership unless not renewed by either the Motor Club or the Member.

SPOUSE AND CHILDREN PROTECTION⁴

The benefits described in this brochure are nontransferable and will be provided only to the Member or Associate Member. For purposes of this brochure, an Associate Member is the Member's family consisting of the Member's spouse or domestic partner (residing in the same household) and any dependent children no more than 25 years old living in the Member's household or attending college (requires proof of college enrollment). At our sole discretion, we may charge an additional annual fee for each Associate Member who is included in the Membership, or a single additional annual fee that includes all Associate Members in the household as a group.

ANIMAL TRANSPORTATION ASSISTANCE

This program will assist the Member and Associate Member in the arranging for transportation of dogs or cats, when possible, should the vehicle require a tow. All expenses related to the transportation of animals are the responsibility of the Member or Associate and will be at their expense. **Note: All expenses related to the transportation of animals are the responsibility of the Member or Associate Member and will be at their expense.**

24-HOUR EMERGENCY ROADSIDE ASSISTANCE

Members and Associate Members can call toll-free, 24 hours a day, 365 days a year. We network with more than 30,000 independent specialized RV tow, repair, and service providers who have the specific heavy-duty gear and the knowledge to take care of any roadside emergency. One quick call takes care of everything – from towing to changing a flat tire to emergency fuel delivery and so much more, as provided for in this brochure.

Note that service providers and facilities referred by either Affinity Road & Travel Club, LLC (ART) or Americas Road & Travel Club, Inc. (AmRT) are independent businesses neither owned, controlled nor operated by ART or AmRT. The responsibility for damage, loss, or unsatisfactory workmanship lies solely with the service providers and facilities providing the service, rather than with ART or AmRT. In some instances, Members or Associate Members may find it beneficial to utilize towing services provided by the vehicle warranty, rather than the motor club services provided in this program. You must be physically present with your vehicle to obtain any service.

TOWING SERVICE

Our 24-hour, 365-days-a-year dispatch center is available with one toll-free call. There are no pre-set mileage limits, however, refer to "Service Limitations" for important conditions, limits, and exclusions. When a Member or Associate Member calls for service, Good Sam Assistance pays for the delivery of the vehicle to the nearest independent professional service center capable and willing to repair the vehicle OR we'll pay for the delivery of your vehicle to any other destination of choice within 100 miles of the disablement location. However, disablement assistance must be requested through our telephone dispatch center within 24 hours of the disablement. If a Member or Associate Member makes any request for the vehicle to be taken to a location other than the nearest independent professional service center, the mileage fee (for the distance in excess of 100 miles) will be at the Member's or Associate Member's expense.

If a request is made to tow the vehicle home, Member will be required to pay the excess mileage fee if that distance exceeds 100 miles from the disablement location or any additional amount if the cost of service exceeds the per service event coverage. See important note section of this document to locate service event coverage.

If there is a request to be towed to a location other than the nearest independent professional service center, as described above, the vehicle will not be entitled to any additional towing services for the same disablement. The mileage fees for any excess mileage and other fees for additional towing services will be determined and billed directly by the dispatch center or the independent service provider at the time of the disablement, and all payment of that additional mileage fee or additional towing service will be paid by Member directly to the service provider or dispatch center.

We will obtain professional tow service appropriate to your specific vehicle using commercially reasonable and efficient means; if you request enhanced tow service that incurs an additional charge, you will be responsible for the additional costs.

Subject to the provisions of this brochure, towing services and other roadside assistance services may also be provided for Member owned vehicles which become disabled as a result of a collision.⁵ In the event of a collision, any tow services provided herein shall be considered secondary to your insurance coverage and any service will be subject to standard limitations set forth. We reserve the right to subrogate against your primary automobile insurer to the extent we provide tow service resulting from a collision and require your full cooperation

to effectuate such rights.

Note: Fees for services that you hire on your own are not reimbursable.

FLAT TIRE SERVICE

A service technician will replace a flat tire with an eligible vehicle's inflated spare, if possible, or we will tow the vehicle to the nearest professional service center. On occasion and whenever possible, we will make arrangements for the Member or Associate Members to purchase a tire(s) for delivery to the disablement scene. In these cases Good Sam Platinum+ Roadside Assistance will pay for delivery of the tire only, and Member will be responsible for all additional costs including cost of tire(s), mounting, balancing, other parts or labor, tax and any other fees. **Note: This benefit does not include seasonal tire changes or air delivery. Member or Associate is responsible for all parts and labor.**

BATTERY SERVICE

If the Member's vehicle's battery is dead, our service technician will attempt to jump-start the vehicle. When appropriate, and if available, at the Member's discretion, if a replacement battery is required we may attempt to locate and install a new battery. **Note: Member is responsible for the retail cost of the battery and all parts and labor charges necessary to install the new battery. If the vehicle cannot be started, towing will be provided (see "Towing Service").**

EMERGENCY FUEL AND FLUID SERVICE

If the Member's vehicle runs out of fuel, a limited supply of unleaded or diesel fuel will be delivered to enable the Member to reach the nearest fueling station (up to 5 gallons). Good Sam Platinum+ Roadside Assistance Members will not be charged for the first five gallons of gasoline or diesel. Other essential fluids needed to enable continued safe operation may also be made available, including anti-freeze, transmission fluid, differential and transfer case lubricant. **Note: Member is responsible for the cost of any other essential fluids delivered. Member is eligible for maximum of three (3) fuel or fluid deliveries during your Membership term. Diesel priming services are not included.**

VEHICLE LOCK OUT SERVICE

If you have locked your keys in your vehicle, we will pay for a service provider to come to your location and gain entrance into your vehicle. **Note: Member is responsible for payment for all additional labor, as well as all parts, including the cost of replacement keys.**

HOME LOCK OUT SERVICE

We will pay for a locksmith to come to your home and gain entrance into your home. Member is responsible for payment for all additional labor, as well as all parts, including the cost of replacement keys. **(Note to Utah residents: Residents of Utah are not entitled to any Home Lockout Benefits described herein.)**

PRIORITY ACCESS TO RV TECH HELPLINE

With Good Sam Platinum+ Roadside Assistance, you are given highest priority when they call one of our RVIA/RVDA and ASE Certified RV Technicians. Get help in solving technical RV problems, from malfunctioning refrigerators, slide-outs or AC units to transmission, fuel or brake problems. Our Certified RV Techs can also help with manufacturer-specific questions about the power train, chassis or carriage of the RV. If we are unable to assist with a technical problem, we will help locate the nearest independent professional service center capable of repairing the vehicle. Good Sam Platinum+ Roadside Assistance is not responsible for any damages or negligence on the part of the service center providing the repair services or parts. Member acknowledges that the Program instructs and advises that any maintenance or modification to the vehicle should be made by a licensed service provider and not by the Member. Any technical advice or direction provided by Good Sam Platinum+ Roadside Assistance and its providers are provided without warranty and is provided solely for the purpose of helping the Member determine what kind of licensed service provider should be retained by Member or Associate. If the Member performs any maintenance or modifications, the Member or Associate does so at their own risk. Call 1-855-324-6963 and provide your Good Sam Platinum+ Roadside Assistance Member ID number.

RV ROADSIDE MECHANICAL REPAIRS

If necessary and whenever possible, depending on the disablement, there may be a local mobile mechanic available that can perform minor repairs or adjustments to the Member's RV. In these situations, at the Member's discretion, we will attempt to assist in arranging for a mobile mechanic to come to the disablement location as an alternative to towing the RV. **Note: Member is responsible for the cost of parts, labor and any additional trip charges/runs for more parts.**
