MEDICAL EVACUATION AND REPATRIATION SERVICES

TravelAssist must arrange and We must approve all arrangements for the services described and defined in this section to be covered at no cost to You. ***Expenses incurred without our intervention or assistance are not covered.**

Emergency Medical Evacuation While Traveling Away From Home*

If You are Traveling Away From Home and You sustain an Injury or suffer a sudden and unexpected Illness and appropriate medical treatment is unavailable in Your current facility, TravelAssist will coordinate and We will pay for a medically supervised evacuation to a hospital that TravelAssist determines to be capable of providing appropriate medical treatment. Your medical condition and situation must be such that, in the professional opinion of the Qualified Medical Practitioner and TravelAssist Physicians, You require immediate emergency medical treatment, without which there would be significant risk of death or serious impairment. If You need to be evacuated by air ambulance, TravelAssist will attempt to arrange for a Traveling Companion to accompany You on the air ambulance.

Transportation to Join a Hospitalized Member*

If You are alone and Traveling Away From Home and are, or will be, hospitalized for more than seven (7) days, TravelAssist will coordinate and We will pay for one economy round-trip airfare for a person of Your choice to join You while You are Hospitalized. No benefits will be payable after You have been discharged from the hospital.

Return of Minor Children*

If, while Traveling Away From Home, Your Unmarried Dependent child(ren) or grandchild(ren) under age 19 are present but left unattended as a result of Your Injury or Illness, TravelAssist will coordinate and We will pay for one-way economy airfare to send them back to either Your or their Permanent Primary Residence. TravelAssist will also arrange and We will pay for the services and transportation expenses of a qualified escort, if required. Should Your unmarried child(ren) or grandchild(ren) already have airline tickets, TravelAssist will handle the rebooking of their tickets, if it is less expensive.

Transportation After Stabilization*

If You are Traveling Away From Home and You are treated at a medical facility for an Injury or a sudden and unexpected Illness that requires immediate

emergency medical treatment and Hospitalization, without which there would be significant risk of death or serious impairment, TravelAssist will arrange Your Permanent Primary Residence or to a medical facility near Your Permanent Primary Residence for continuing care provided the Qualified Medical Practitioner and TravelAssist's Physicians have determined that Your condition has reached maximum medical improvement; and

1. You have been evacuated under the Emergency Medical Evacuation benefit as defined above; or
2. The Qualified Medical Practitioner and TravelAssist Physicians have determined You are unable to operate Your RV/vehicle and no one in Your traveling party is capable of operating the RV/vehicle; or
3. The Qualified Medical Practitioner and TravelAssist Physicians have determined Your physical medical condition prevents traveling as a passenger in the RV/vehicle; or
4. You are not traveling in a vehicle and the Qualified Medical Practitioner and TravelAssist Physicians have determined Your physical medical condition prevents You from continuing on Your trip and You must return to Your Permanent Primary Residence or to a medical facility near Your Permanent Primary Residence to recover from Your condition.

Services that TravelAssist will coordinate and We will provide you with include the following options:

1. A one-way economy airfare ticket and medically necessary ground ambulance transportation to/from the airport to return You to Your Permanent Primary Residence or to a medical facility near Your Permanent Primary Residence. If TravelAssist Physicians recommend and deem it medically necessary for You to travel by any other method not outlined in number one (1) above, We will pay up to the value of a one-way economy airfare ticket toward the value of the alternate transportation method.
2. If You have been Medically Evacuated, TravelAssist will coordinate and We will pay for a one-way economy airfare ticket to return You to the original place of transport where Your Emergency Medical Evacuation began; or
3. If You are unable to operate Your RV/vehicle and no one in Your traveling party is capable of operating Your RV/vehicle and You have chosen to have a family member or friend return Your RV/vehicle, You may choose to return to Your Permanent Primary Residence in Your RV/vehicle. You will be covered under the RV/Vehicle Return Benefit. Please see RV/Vehicle Return Benefit for complete detail of what is covered.

Return of Deceased Remains*

In the event of Your death while Traveling Away From Home TravelAssist will assist in obtaining the necessary clearances for the return of Your remains. TravelAssist will coordinate and We will pay for the expenses of the preparation and transportation of Your deceased remains to Your Permanent Primary Residence.

Return of Traveling Companion*

If You are Traveling Away From Home and require an Emergency Medical Evacuation, Transportation After Stabilization or a Return of Deceased Remains, TravelAssist will coordinate and We will pay for a one-way economy class ticket for one Traveling Companion to return to either Your or their Permanent Primary Residence.

RV/Vehicle Return*

TravelAssist will coordinate the return of Your automobile, motorcycle, noncommercial truck or RV to Your Permanent Primary Residence or place of rental within 90 days of the incident if:

1. We approved transporting You to Your Permanent Primary Residence under either the Emergency Medical Evacuation, Transportation After Stabilization, or Return of Deceased Remains; or
2. You have not been transported under the services listed above but Your documented Injury or Illness (which does NOT require Hospitalization) prevents You from driving the RV/vehicle.

TravelAssist will authorize this service only if no one in Your traveling party is capable of driving the RV/vehicle. The vehicle must be in good condition and capable of being safely driven on the highway in compliance with local laws. If the vehicle is an RV, TravelAssist will also coordinate the return of an additional vehicle if it was hitched to Your RV. You are responsible for all costs required to maintain the safe operation of the RV/vehicle and/or tow vehicle during the return. This includes any vendor fees associated with an RV/Vehicle breakdown if you request to have your RV/Vehicle returned by a hired professional. Any delays associated with RV/Vehicle breakdown and/or maintenance will be your responsibility. The return must be approved by Us and coordinated by TravelAssist and must be performed by one of TravelAssist's contracted service providers.

Alternatively, You may choose to have Your vehicle returned by a friend or family

member. In such instance, and provided the vehicle is returned directly and expediently to Your Permanent Primary Residence, TravelAssist will coordinate and We will provide reasonable transportation in the form of a one-way economy ticket and reasonable ground transportation for that person to either the location of the vehicle or to return home after the RV/Vehicle has been returned, and We will reimburse You for gas and tolls during the return. In addition, We will provide up to a \$100 per day benefit, in accordance with the per diem allowance as set forth in the Federal Trade Regulation by the US General Services Administration, for incidental expenses while driving (receipts must be submitted within 180 days from the date of service). Note that if You choose to have a friend or family member perform the RV/Vehicle Return, We will not pay more than it would have cost to have TravelAssist arrange the RV/Vehicle Return.

Please note: In the event You qualify for RV/Vehicle Return by virtue of number 2 above please see the following:

- The medical condition that prevents You from driving and/or returning in Your RV/Vehicle must be documented by a Qualified Medical Practitioner near the original location of the Injury or Illness.
- You must be evaluated by a Qualified Medical Practitioner prior to traveling to Your Permanent Primary Residence.
- If You choose to have a friend or family member return Your RV/Vehicle, You can choose to ride to Your Permanent Primary Residence in Your RV/Vehicle if You are medically cleared to do so.
- If You choose to have a professional return Your RV/Vehicle, You will not be able to travel as a passenger in Your RV/Vehicle for liability reasons. TravelAssist will assist You with coordinating with any transportation arrangements for You and a companion; however, any costs associated with Your transportation and Your Traveling Companion's transportation are Your responsibility.
- If You qualify for an RV/Vehicle Return under this scenario, You do not qualify for paid transportation under Emergency Medical Evacuation or Transportation After Stabilization to Your Permanent Primary Residence.

You must inform TravelAssist within 30 days of the incident that you need assistance returning your RV/Vehicle. The actual RV/Vehicle return must take place within 90 days from the date of incident.
